Dear Mark:

I wanted to take this opportunity to thank you for speaking at "INC's" Monthly All Group meeting yesterday. It was great to have you as our speaker and to hear your powerful stories and insights to Leadership which is just what my membership needed to hear.

I have received many e-mails from attendees that so enjoyed your talk and wished they could have heard more! I would recommend you to any organization or company that needed motivation or direction. I would be pleased to added to your list of references as I would sing your praises for your speaking capabilities and professionalism.

Please keep in touch with me and we look forward to having you back to speak at "INC" soon!

Have a blessed day,

Joann L. Cooper
